CDX User Manual

Opening ExamView Banks

CDX Medium Heavy
Notes

• In order for this process to work, you must FULLY install ExamView from your CD.
• If at any point you get “access denied”, “see admin”, or “Enter Admin Password” – please see your school IT personnel.
Open “My Computer” or “This PC”
After opening “My Computer” or “This PC”, select “Local Disk (c:)”
Then, open the “Program Files (x86)” folder. If you do not have a “Program Files (x86)” folder, choose “Program Files”.
Next, find and open eInstruction Folder. If you do not see this folder, please make sure you installed ExamView fully.
Within the “eInstruction” folder, find and open “ExamView” folder.
Within the “ExamView” folder, find and open “JB FundMedHvyDutyCommVehSys” folder.
Within the “JB FundMedHvyDutyCommVehSys” folder, you will find the ExamView testbanks. You should be able to just double-click any one of them, and they will open up in ExamView.
